The Prez Sez

The next meeting is June 2nd at the pavilion 7:00 PM. There will be a vote to approve the club supplement to the price of the plaque memorializing Carl Cantera; you will also be given the opportunity to donate towards this tribute, which we plan to dedicate at Warbirds.

Last meeting there was some discussion related to the club rules. The full set of rules is available on the web site at <http://delawarerc.org/fieldrules.htm>. You will notice that there is no reference to the number of aircraft allowed in flight. The pilot station numbers have been removed; there was no sense trying to enforce pilot stations when it's not necessary and universally ignored.

We will be putting a "please take one" box on the bulletin board with the new field rules in it. Be friendly to visitors and guests, but give them a copy of the rules so that they understand our safety and membership requirements.

Pete and Dave tell me that the Warbirds plans and registration are going well. One note: the Lum's Pond Campground appears to be filled already.

Good luck to Mark and the IMAC meet this weekend! Come down and lend a hand if you can.

John

Warbirds Over Delaware 2009

Hard to believe but Warbirds Over Delaware 2009 is just over 5 weeks away. We expect another great turnout for this premiere event. As we all know, the event depends on the hard work by the Delaware R/C members. Dave and Pete are always looking for volunteers to assist with the never ending tasks required to put on this event. If you are able to volunteer / contribute, please contact Dave and Pete:

Lums Pond IMAC Challenge

Delaware R/C Club will host a Scale Aerobatics contest again this year, on June 6-7. If you are interested in trying IMAC, this is a great opportunity, and you don't need to be a member to try it. Any of the current IMAC flyers would be happy to show you what it's about. Even if you don't fly, you can see some of the best pilots and the highest-performing R/C aircraft at an IMAC event. If you do plan on competing in this event, please go to:

<http://www.mini-iac.com/Regions/Northeast/NENewsEvents/tabid/61/Default.aspx>

and register, so we have an accurate count of pilots. Some of the competitors may be at the field on Friday June 5 to practice, but the field will be open to all that day. We will finish the contest early afternoon on Sunday so the field can be reopened to all members. - Mark McQuaide / 610-255-3983 / Mobile: 610-804-5304
