warm weather!**

The Prez Sez

It's Flying Season again! I hope you all are ready for the better weather that we will be into now.

Mark McQuaide has the IMAAC event (June 6-7) well in hand. I am sure that he could use some more volunteers to help out.

Plans and preparations for Warbirds are well underway; registrations are already coming in.

The field will be rolled soon, compliments of Dave Skinner.

I am going to the Joe Nall event May 13th. The AMA meeting will be held there on the 14th. If you have anything you would like me to find out or bring up at the meeting, let me know.

With the increased use of 2.4 GHz radios, it is not necessary to place your card in the frequency control board if you display your AMA card on your hat or jacket. If you don't have a card holder, we are providing some at the field. If you would rather not display your card on your person then you must use the frequency control rack. This applies only to Spread Spectrum frequencies; others must continue to use the frequency control board.

Thanks to Tony Albence, George ~~Hague~~, Greg Schock and Jim Schlapfer for their help with the class at the Senior Center on April 20th. It went well; not a great turn-out but a lively session..

Lums Pond IMAC Challenge

Delaware R/C Club will host a Scale Aerobatics contest again this year, on June 6-7. If you are interested in trying IMAC, this is a great opportunity, and you don't need to be a member to try it. Any of the current IMAC flyers would be happy to show you what it's about. Even if you don't fly, you can see some of the best pilots and the highest-performing R/C aircraft at an IMAC event. If you do plan on competing in this event, please go to:

<http://www.mini-iac.com/Regions/Northeast/NENewsEvents/tabid/61/Default.aspx>

and register, so we have an accurate count of pilots. Some of the competitors may be at the field on Friday June 5 to practice, but the field will be open to all that day. We will finish the contest early afternoon on Sunday so the field can be reopened to all members. - Mark McQuaide / 610-255-3983 / Mobile: 610-804-5304
