FROM THE EDITOR'S DESK

We have no comments from the President this month, nor any minutes from the June meeting. Check back next month.

GIRL SCOUTS AIR CAMP

The scouts requested a demo at their camp via Mark Weiss. He asked for someone to go over and represent Delaware R/C. Their site is too small to fly anything, so Bob Smith offered a static demo with Q&A for their campers. Bob said the girls were very knowledgeable for their ages. He explained some flight theory, discussed building and flying R/C models, and the opportunities that are available by joining our club. Bob plans a follow up meeting with one of the campers Dads who is a BSA troop leader.

Well done Bob! We need people like you to help promote participation in our hobby.

WARBIRDS OVER DELAWARE

It is almost time for Warbirds Over Delaware 2013, Delaware RC's biggest event of the year. People are already getting the field ready, mowing the tall grass, putting up fence posts, and all of the other things that have to be done for a major event. If you see people working around the field, don't be shy. Ask if you can help. There is a lot to get done in a short time.

During the event there is always something that needs doing. Mostly it's little things, but the people working the event can't be everywhere doing everything. Lend a hand where you can. Spell someone at Alex's Lemonade for a bit, empty a trash bin or two, help sell tickets, help out at the registration stand. Just walk around and ask. Eventually you come across a poor soul who says, "Yes. Can you please..."

PARKING

Club members attending WOD who are not working the event **must park at the camp ground parking lot**. Parking at the field is limited to Pilots & Crew, vendors, and club members who are **actively** working the event.

A BEAUTY OF A MAIDEN

Vinny maidenized his 40% Murdy Cap 232 EX on Saturday, June 29th. The maiden went beautifully. The only problem being a throttle hesitation problem, that I expect Vinny will solve right away.

WELCOME TO THE CLUB

We'd like to congratulate the Malchione's on the birth of their baby girl, Gwen, who is one month old as of the writing of this article. Dave Jr. says he hasn't put a transmitter in her hands yet. Wait for it. It's coming.
